About Us

ICT & Cyber Technology LLC provides smart and modern technology solutions for homes and businesses. We offer home automation, ELV systems, audio and video setups, IT networking, and smart security devices that make everyday life easier, safer, and more comfortable.

Vision

Our vision is to become a leading force in the smart home and automation industry by building fully integrated, intelligent living environments. We aspire to shape the future of connected homes through sustainable innovation, seamless technology integration, and uncompromising quality.

Mission

Our mission is to redefine modern living by delivering innovative, intelligent, and user-centric home automation solutions. We aim to integrate advanced technologies—ranging from ELV systems to IoT security, audio-video entertainment, and IT networks—to create homes that are smarter, safer, and more connected.

Our Services

1

Home Automation Solutions

We integrate intelligent systems that allow homeowners to control lighting, climate, curtains, AV systems, and appliances from a single platform or mobile app. Our aim is to simplify daily living through responsive, automated technology.

2

ELV (Extra Low Voltage) Systems

We provide complete ELV solutions including structured cabling, access control, CCTV, public address systems, and communication networks. Our ELV designs ensure reliability, efficiency, and seamless connectivity.

3

Audio & Video Entertainment Systems

We design immersive home entertainment experiences through high-quality audio-video setups, home cinemas, distributed audio systems, and multi-room AV integration. Our solutions are tailored to customer preferences and space-specific requirements.

4

IT Networking Solutions

With expertise in switches, firewalls, and structured network design, we ensure secure and robust home network environments.

5

Home Security & IoT Devices

We provide advanced smart security solutions including IoT-enabled cameras, smart door locks, motion sensors, alarm systems, and remote monitoring. Our intelligent security ecosystem ensures peace of mind with 24/7 protection.

Smart Home Automation Solutions

1. Seamless control of lighting, climate, curtains, and appliances
2. Centralized control via mobile app, touch panels, or voice assistants
3. Automated routines for energy savings and comfort.
4. Integration with AV systems, security devices, and IoT sensors
5. Customizable solutions for villas, apartments, and commercial spaces.

ELV (Extra Low Voltage) Systems

1. Structured cabling for seamless communication
2. CCTV surveillance, access control & intercom systems
3. Public Address & background music systems
4. Networking racks, patch panels & complete ELV layout design
5. Designed for safety, efficiency, and long-term reliability

Audio & Video Entertainment

1. Custom home theater design & multi-room audio solutions
2. High-resolution video distribution and smart TV integration
3. Acoustic design and speaker placement for optimal sound
4. Whole-home synchronized music systems
5. Integration with home automation platforms

IT Network Solutions

1. High-performance network switches for stable connectivity
2. Professional firewall setup for advanced cyber protection
3. Wi-Fi optimization for full home coverage
4. Structured networking for smart devices and IoT systems
5. Ensuring speed, reliability, and long-term scalability.

Home Security & IoT Devices

1. Hardware and Software Hardening
Vulnerability & Penetration Testing
2. Smart door locks, motion sensors & alarm systems that provide intrusion detection/prevention systems.
3. IoT-enabled CCTV cameras with mobile access.
4. Integrated security alerts via mobile app.
5. AI-based detection/prevention for enhanced safety.

Our Advantages

All-in-One Smart Technology Provider

We offer everything you need in one place—home automation, ELV systems, audio-video setups, IT networking, and smart security devices. This means you don't have to deal with multiple companies; we handle the full setup from start to finish.

Easy-to-Use and Fully Integrated Systems

All our technologies work together smoothly. You can control lights, climate, music, security, and more from a single app, voice assistant, or touch panel—making technology simple and enjoyable.

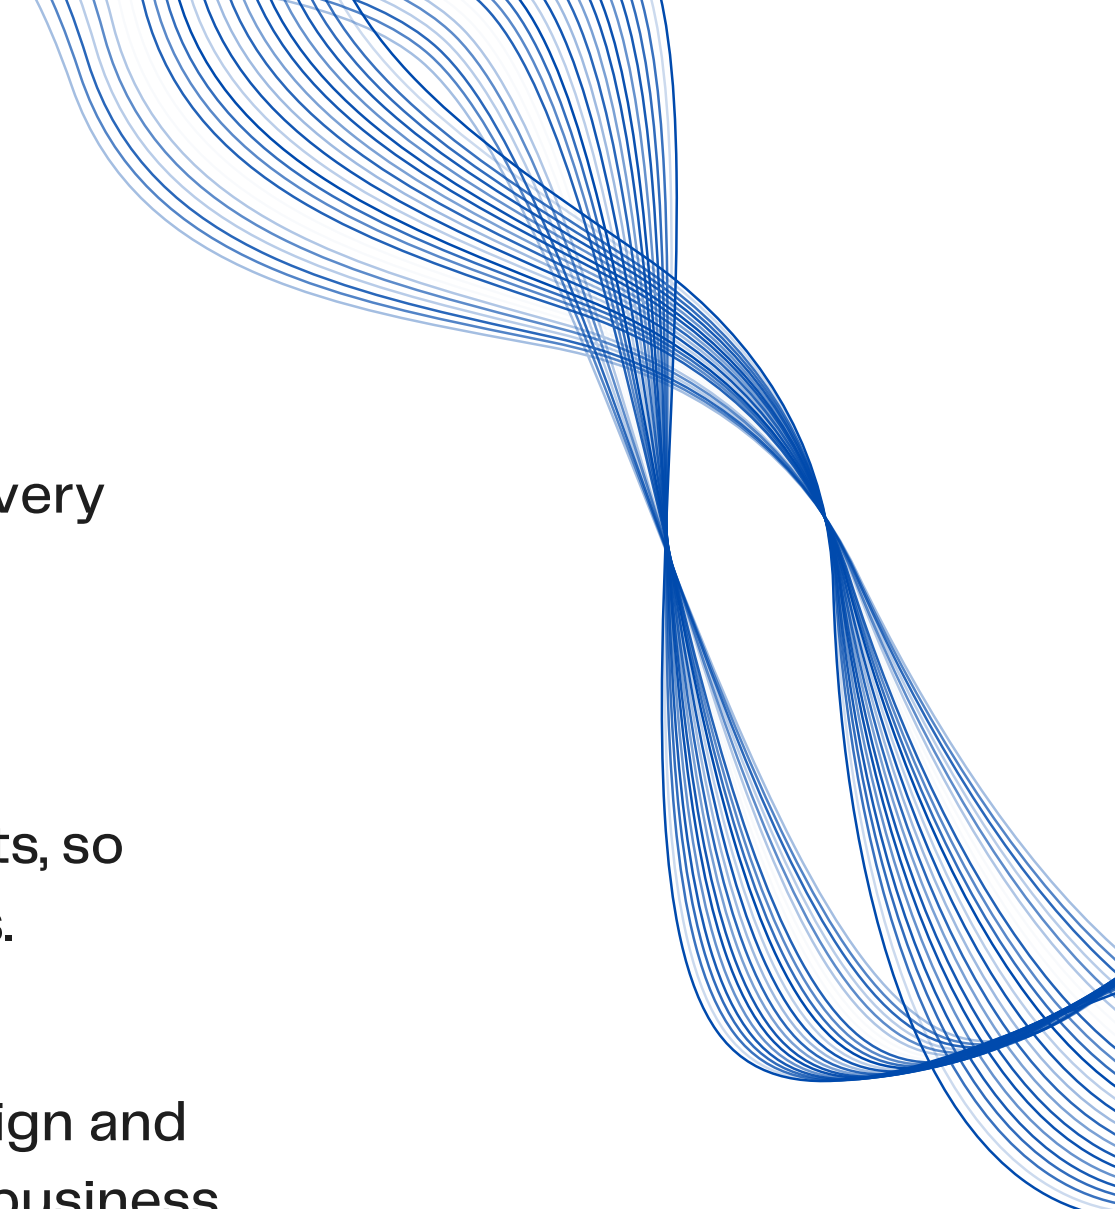

Customized Solutions for Every Space

We design each system based on your home or business needs. Whether it's a small apartment or a large villa, we create the perfect setup that fits your lifestyle, comfort, and daily routines.

Dependable Service with 24/7 Support

We don't just install systems—we stay with you. Our team is available day and night to help with any questions or issues, ensuring your smart home always runs reliably.

CORE VALUES

Excellence

We deliver smart home solutions of the highest quality, ensuring that every system we install works perfectly and meets international standards, exceeding customer expectations.

Integrity

We maintain honesty, transparency, and accountability in all our projects, so clients can trust us to provide reliable advice, installations, and services.

Collaboration

We work hand-in-hand with clients, partners, and our own team to design and implement systems that truly meet the unique needs of each home or business.

Innovation

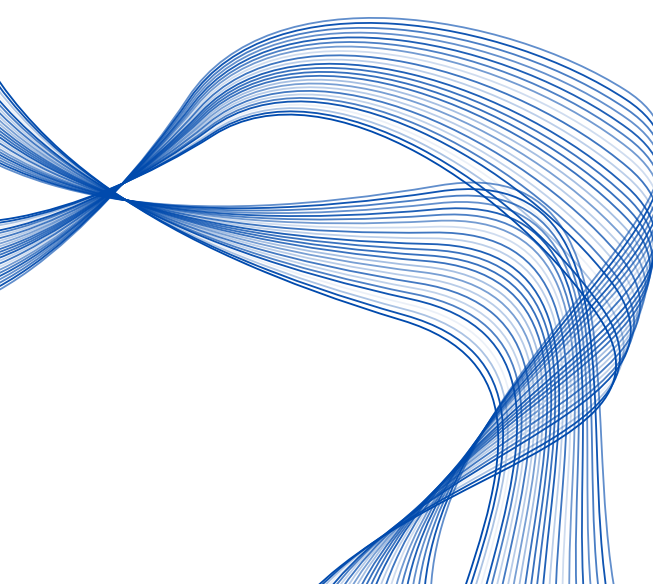

We constantly explore new technologies and creative ideas to develop smarter, safer, and more efficient home automation solutions.

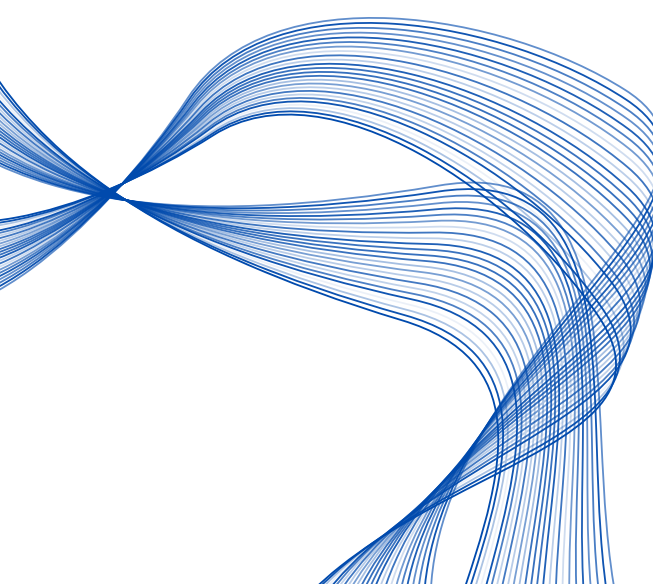

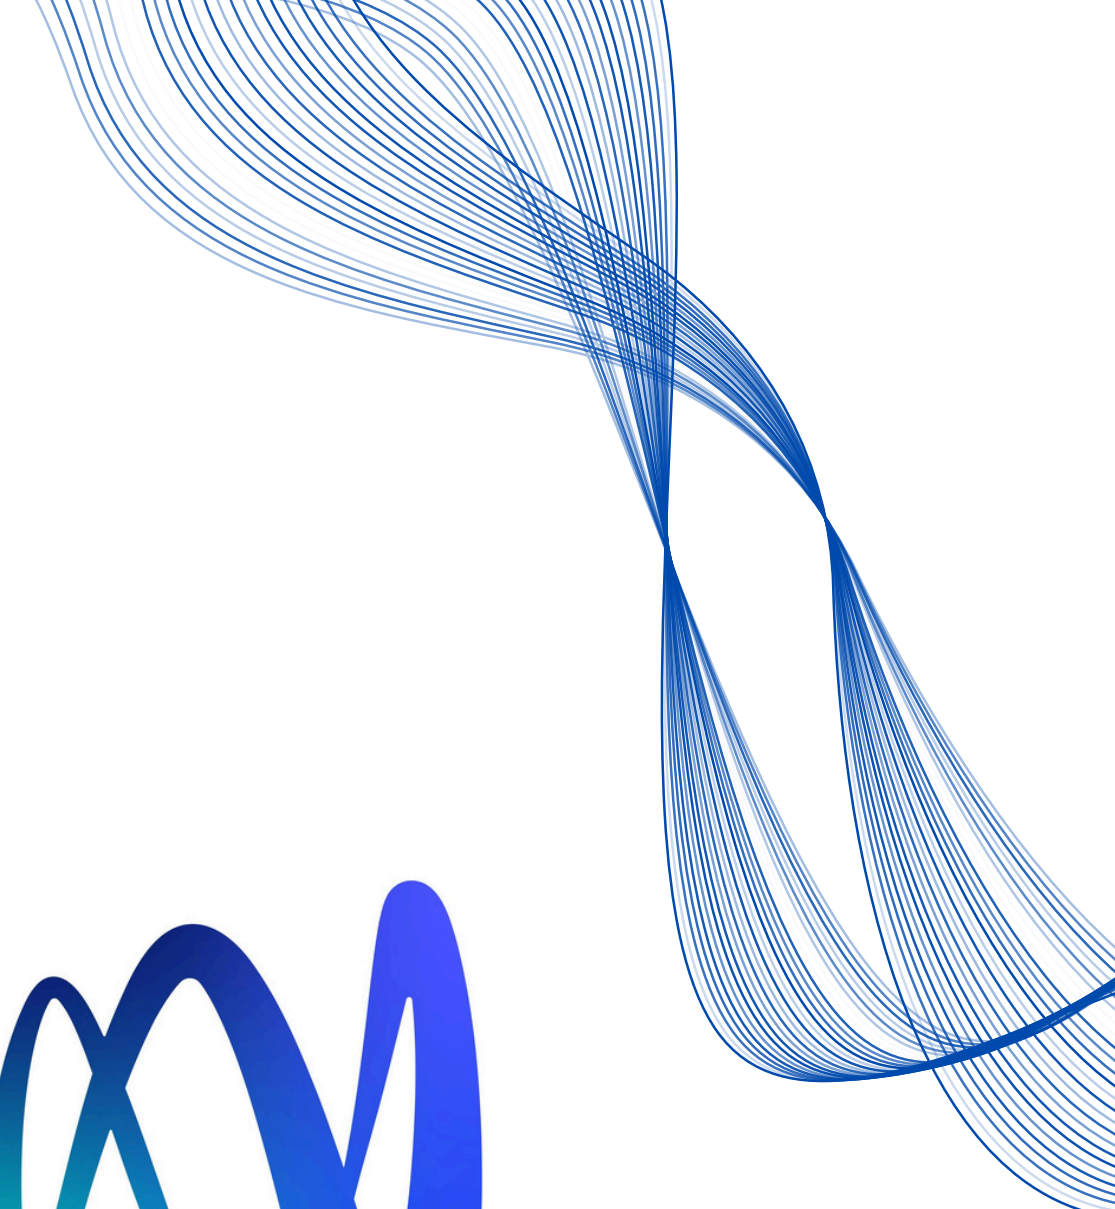

Customer Focus

We put our customers first, delivering personalized solutions and continuous support to ensure a seamless and enjoyable smart home experience.

Reliability

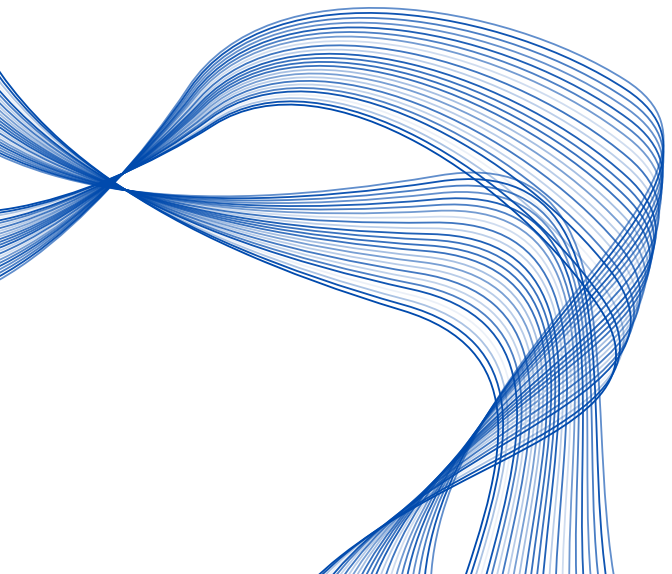

We ensure that every system we install is durable, consistent, and performs flawlessly, giving clients peace of mind in their smart home investment.

Our Partners

Our Projects

We have proudly delivered successful projects across
both government and private sectors
